The Berlin based artist is drawn to urban landscape and the lines she finds in architecture. Her artworks are inspired by the latest trends and traveling as well as creative experiments. Picturesquely active passages, modern color accents and graphic nuances find a revolutionary combination in her pictures. Furthermore, unique and captivating moments are also created in classical monochrome cityscapes and in minimalist landscapes.

Discover also her new typographics, mixed media artworks and abstract designs. By trying to make art that she herself would like to have on her walls, she's maintained a visionary integrity that appeals to art lovers worldwide.
